The Drought Resilient Ranch Workshop Series

Learn from this drought & prepare for the next

Photo by Melissa Johnston, ARS

Dates: Last three Wednesdays in January, 2019

January 16, January 23, and January 30, 2019

Time: 5:30 - 7:30 pm

Place: Garfield County Fairgrounds, Event Hall , 1001 Railroad Ave, Rifle, CO 81650

Details: Dinner included with RSVP by Jan 11; travel reimbursement and free forage test available for those who attend all three sessions. Drop ins welcome, but can't guarantee food.

RSVP: Retta Bruegger, CSU Extension, (970) 988-0043 or retta.bruegger@colostate.edu

Join your neighbors & CSU Extension for this 3 class series. **Hear from fellow ranchers on drought management, strategize on actions, and connect with resources to accomplish projects**.

Jan. 16: Arizona rancher Wink Crigler shares **lessons from a drier state** on adapting to aridity, experience with wildfire, and working with agencies to accomplish goals and increase flexibility in her operation.

Jan. 23: Use **Scenario Planning**, a technique used in business and the US Military to make **flexible, long-term plans relative to potential drought** scenarios. Experts in water management, wildfire, range management, and more will be in attendance for questions.

Jan. 30. **Prioritize actions & connect with resources** to build long-term flexibility with drought. Staff from Colorado Parks and Wildlife, US Partners for Fish and Wildlife and the NRCS will showcase resources they have available for projects.
